

## UNITED NATIONS' SUSTAINABLE DEVELOPMENT GOALS

The United Nations' Sustainable Development Goals (SDGs) are 17 goals that aim to end poverty, protect the planet and ensure prosperity for all by 2030. The goals cover areas such as sustainable communities, health, education, diversity, poverty, environmental protection and climate change.

The goals cover a number of topics that we do not have a direct impact on through our business model and core activities, we nonetheless support of the goals' objectives and seek to maximise our contribution to their objectives where material.

The following table highlights the most relevant Goals to our business, along with examples of the positive contribution we make through our activities.

Sustainable Development Goals (SDGs)	How we contribute	For further information please consult our 2017 Economic, Environmental and Social Report on the following sections:
 <p>3 GOOD HEALTH AND WELL-BEING</p>	Promote more sustainable lifestyles among shopping centre visitors and contribute to higher levels of employee resilience and productivity through improved health and wellbeing in our workforce.	Customer attraction, <a href="#">page 109</a> Employee health and wellbeing, <a href="#">pages 92 to 93</a>
 <p>4 QUALITY EDUCATION</p>	<p>Promote environmental and social focused events with local communities, in particular local schools to provide educational opportunities including site visits.</p> <p>Continually support the professional development of our employees through a well-established education and training programme providing an array of different development opportunities.</p>	<p>Community engagement, <a href="#">pages 114 to 115</a></p> <p>Training and education, <a href="#">pages 121 to 123</a></p>
 <p>5 GENDER EQUALITY</p>	Continually seek to promote gender equality and diversity within the company.	Employment, <a href="#">pages 119 to 120</a>
 <p>6 CLEAN WATER AND SANITATION</p>	Increase the water efficiency of our assets, using innovation and technology to rethink how water is used and managed. Minimise water pollution through our Safety, Health & Environment Development Standards and monitoring of waste water discharges at our operational assets.	Water, <a href="#">pages 101 to 104</a>
 <p>7 AFFORDABLE AND CLEAN ENERGY</p>	Increase the energy efficiency of our assets and implement measures to increase our energy self-sufficiency as to reduce our reliance on fossil fuels.	Energy, <a href="#">pages 93 to 95</a>
 <p>8 DECENT WORK AND ECONOMIC GROWTH</p>	<p>Support local economic development through job creation and skills development opportunities.</p> <p>Safeguard labour standards in our supply chain.</p> <p>Promote innovation and productivity in our company through improved work practices and operational efficiencies and employee engagement and training.</p>	<p>Indirect economic impacts, <a href="#">pages 112 to 113</a></p> <p>Responsible procurement, <a href="#">page 86</a></p> <p>Employment, <a href="#">pages 121 to 124</a></p>
 <p>9 INDUSTRY INNOVATION AND INFRASTRUCTURE</p>	<p>Use innovation to reduce water and energy use across our owned portfolio and third party assets through our Bright and Dive projects.</p> <p>Encourage innovation across the whole supply chain to reduce materials consumption, and improve water and energy resilience.</p>	<p>Water, <a href="#">pages 101 to 104</a></p> <p>Energy, <a href="#">pages 93 to 95</a></p> <p>Resource Resilience: Materials, <a href="#">page 107</a></p>

## UNITED NATIONS' SUSTAINABLE DEVELOPMENT GOALS

Sustainable Development Goals (SDGs)	How we contribute	For further information please consult our 2017 Economic, Environmental and Social Report on the following sections:
	<p>Design eco-efficient, attractive shopping centres that reduce resource consumption, serve the needs of the local population and enhance public space, local amenities and infrastructure in line with the planning requirements of local authorities and our own SHEDS.</p>	<p>Safety, health and environment management, <a href="#">pages 83 to 87</a> Place-making, urban redevelopment and enhancement of the public realm, <a href="#">page 111</a></p>
	<p>Improve the eco-efficiency of our assets focusing on energy, water and waste production. Prohibit the use of materials which are known to have negative impacts on the environment and on the health and wellbeing of building occupants.</p>	<p>Environment, <a href="#">pages 93 to 107</a> Safety health and environment management, <a href="#">page 88</a></p>
	<p>Reduce GHG emissions from our portfolio, integrate climate change risk adaptation procedures into our current risk management processes, design standards for new developments and operational procedures for existing assets.</p>	<p>Emissions, <a href="#">pages 96 to 101</a></p>
	<p>Minimise biodiversity loss on and around our existing assets and new projects by promoting the use of previously developed or brownfield land, and integrating biodiversity whenever possible.</p>	<p>Biodiversity protection, <a href="#">page 106</a></p>
	<p>Collaborate with industry partners, industry bodies and associations to promote and share best practice and innovation in tackling the sustainability challenges facing the industry.</p>	<p>Stakeholder engagement, <a href="#">page 70</a></p>
