

SUSTAINABLE DEVELOPMENT GOALS

We are committed to the United Nations Sustainable Development Goals (SDGs). We focus our efforts on the most relevant SDG where we can deliver greater impact, with our business and activity.

Most relevant SDGs

Highlight examples of the positive contribution that we make under each of the most relevant SDGs

Promote more sustainable lifestyles among visitors and contribute to higher levels of employee resilience and productivity through improved health and wellbeing.

Continually seek to promote gender equality and diversity within the company.

Support local economic development through job creation and skills development opportunities. Promote innovation and productivity in our company through improved work practices and operational efficiencies and employee engagement and training.

Improve the eco-efficiency of our assets focusing on energy, water and waste production and prohibit the use of materials which are known to have negative impacts on the environment and on the health and wellbeing of building occupants.

Promote sustainability events with local communities. Continually support the professional development of our employees through a well-established education and training programme providing an array of different development opportunities.

Increase the energy efficiency of our assets and implement measures to increase our energy self-sufficiency to reduce our reliance on fossil fuels.

Design eco-efficient, attractive real estate assets that reduce resource consumption, serve the needs of the local population and enhance public spaces, local amenities and infrastructure. Work with town councils to implement systems that enable the efficient use of resources.

Reduce GHG emissions, integrate climate change risk adaptation procedures into our current risk management processes, design standards for new developments and operational procedures for existing assets.
