1. Future-proof the lived environment

With this strategic priority we will serve the human and business needs of tomorrow's cities, by futureproofing the built environment and operations through **responsible investment criteria** and **sustainability solutions**.

OPERATING CONTEXT

REGULATION

Increasing regulation governing sustainability, including safety, health and environmental (SHE) aspects

ESG STANDARDS

Pressure from investors and other stakeholders to ensure that Sonae Sierra operates according to high ESG standards

COSTS & SHORTAGES

Shortages of natural resources will lead to an increase in their costs, demanding a new approach to the way we develop and manage assets

OUR APPROACH

Resilience Strategies

Embed resource resilience strategies and a best-in-class Safety, Health & Environment Management System (SHEMS) across all our corporate operations

SHEMS and resource resilience

Promote the uptake of SHEMS and resource resilience across our investment portfolio

Encourage Sustainability Standards

Encourage our clients to implement sustainability standards on their own assets by demonstrating the business case and delivering sustainability services

Expertise & Know-How

Position ourselves as experts in energy, water and waste strategies for real estate assets

Responsible Investment

Adopt responsible investment criteria

Sustainable Building

Promote sustainable building certifications and develop resilient assets

Decarbonisation Roadmap

Specific roadmap for decarbonization to tackle climate change

Circular Economy Principles

Ensure the adoption of circular economy principles across our operations

Local Sustainability Initiatives

Provide the best sustainability initiatives for local communities

INTENDED RESULTS

Ensure that risks towards people, assets and ecosystems are minimized.

CHALLENGE

Environmental & social challenges

Address environmental and social challenges (e.g. climate change)

ENGAGE

Communities engaged with sustainability

Communities where people are engaged with our sustainability projects

INCREASE

Competitiveness & profitability

Increased competitiveness and supporting business long-term profitability

SHARED VALUE CREATED

We commit to monitor, evaluate and regularly review our sustainability performance, to ensure objectives and targets are achieved and to promote continual improvement.

- Operational efficiencies & risk management
- Enhanced reputation and brand value
- Long-term asset value protected
- Lower environmental impact
- Improved eco-efficiency
- Local community safety and well-being
- Reduced operational and insurance costs

- Increased revenue
- Higher quality service for clients, tenants & visitors
- Increased client and tenant preference
- Protected license to operate
- Stakeholder engagement
- Enhanced shareholder value

OUR PERFORMANCE TO DATE

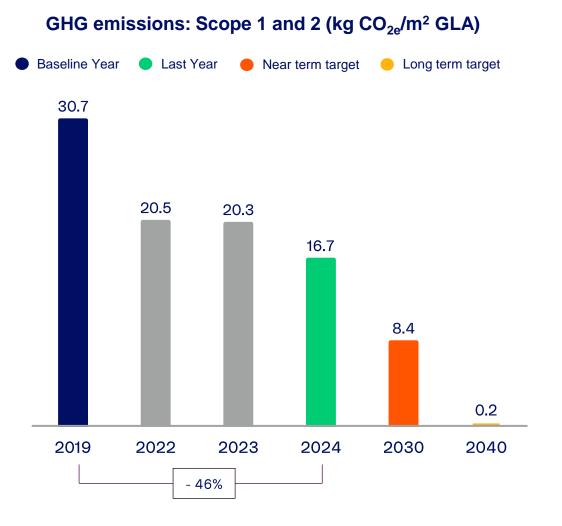

Not only have we consistently **improved our environmental performance**, but we have avoided over €24 million in costs in 2024 from **eco-efficiency improvements** in energy, water and waste introduced since 2002.

Our specialised know-how has resulted in substantial savings, whilst also reducing the negative effect on the environment and strengthening our brand as a reference in the sector. Our long-term objectives are reviewed on a regular basis. In 2024, we updated our previous GHG emissions targets to align with Science Based Targets, as approved by the SBTi.

In 2024, Sonae Sierra had its net-zero target approved by the Science Based Target initiative. Sonae Sierra commits to reach net-zero greenhouse gas emissions across the value chain by 2040.

Equity share

Our SBTi considers an equity share approach. In other words, we account for greenhouse gas (GHG) emissions based on our ownership stake in a business. <u>Filled out bars</u> show results under this approach.

Owned assets under management

The following pages illustrate our progress against the key performance indicators considering our owned assets under management, which correspond to assets that Sonae Sierra owns or co-owns and that are directly managed by Sonae Sierra's property management teams. <u>Countered bars</u> show results under this approach.

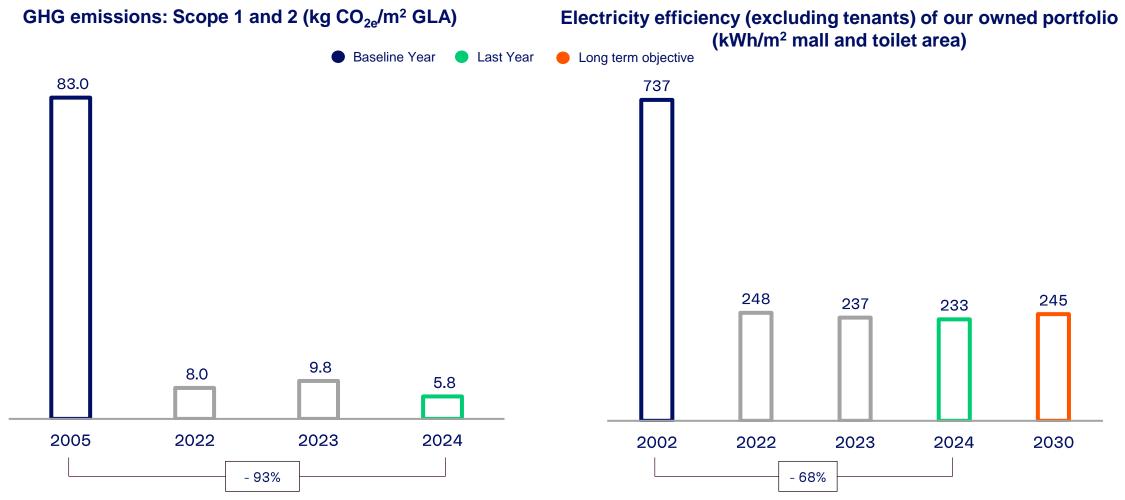

In 2024, Sonae Sierra had its net-zero target approved by the Science Based Target initiative. Sonae Sierra commits to reach net-zero greenhouse gas emissions across the value chain by 2040.

GHG emissions: Scope 3, except embodied carbon (t CO_{2e}) GHG emissions: Scope 3, embodied carbon (t CO_{2e}/m² GIA) **Baseline Year** Last Year Near term target Long term target 566 99,958 87,706 77,088 53,777 255 40,651 70 25 17 420 2019 2022 2023 2024 2030 2040 2019 2022 2023 2024 2030 2040 - 59% - 88%

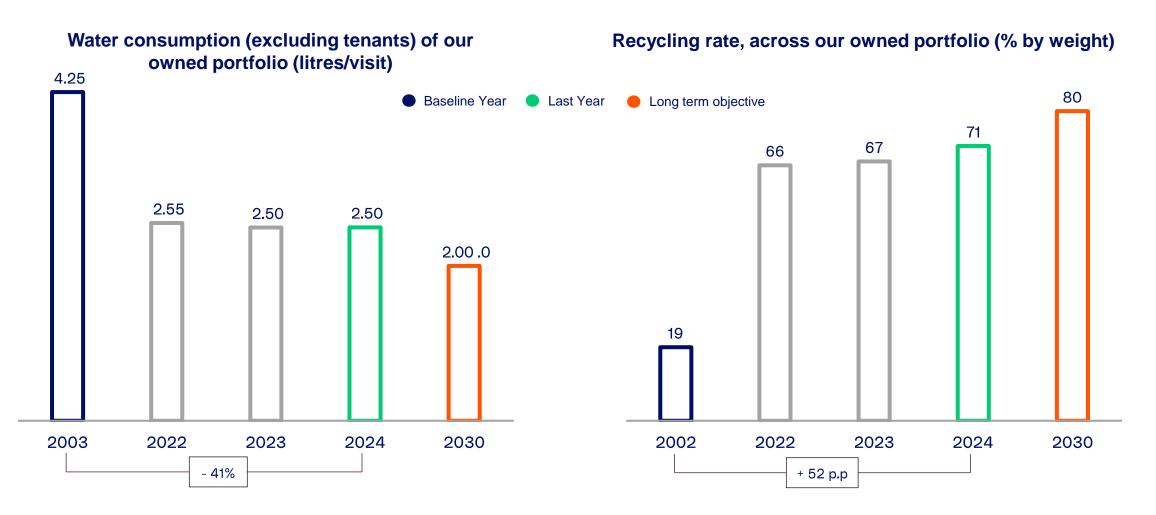

The following charts illustrate our progress against the key performance indicators that have guided actions with respect to energy efficiency, water efficiency, waste management and recycling, and safety and health.

The following charts illustrate our progress against the key performance indicators that have guided actions with respect to energy efficiency, water efficiency, waste management and recycling, and safety and health.

The following charts illustrate our progress against the key performance indicators that have guided actions with respect to energy efficiency, water efficiency, waste management and recycling, and safety and health.

¹Number of accidents of level 3, 4 and 5 among tenants, service suppliers, workforce and visitors per million visits. Level 3, 4 and 5 accidents are defined as those resulting in medical assistance, lost workdays/life disruption and fatality/permanent disability, respectively.

2. Safe, healthy & engaged workforce

With this strategic priority we will ensure a diverse, inclusive and engaged workforce by **developing employees' skills and productivity** within a **safe**, **healthy and empowering culture**.

OPERATING CONTEXT

COMPETITION FOR TALENT

Diverse workforce

Achieve a diverse workforce

SHARED VALUE CREATED

We commit to monitor, evaluate and regularly review our sustainability performance, to ensure objectives and targets are achieved and to promote continual improvement.

Enhanced intellectual capital

Higher levels of staff satisfaction, engagement & productivity

Talent attraction & retention

Superior client service

Enhanced shareholder value

OUR PERFORMANCE TO DATE

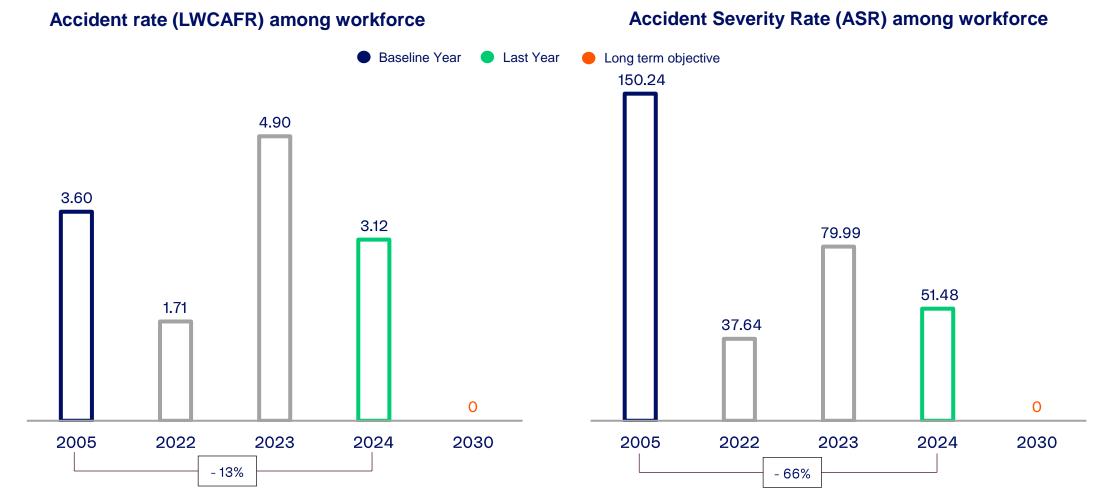

We can highlight some of the following **achievements**:

Rise High, Rise Higher programme was communicated to all Sierra employees in 2023 to empower teams and foster an entrepreneurial spirit, through training sessions tailored for our leaders. The programme is poised to extend its reach to all employees throughout 2024, leveraging strategic partnerships with some of Portugal's top tier business schools. **Employee-Centric Success** – Our commitment to listening to employee feedback remains fundamental to our approach, with a continuous focus on assessing the alignment between the company and our employees' expectations through the eNPS.

The **Flex Work Programme** exemplifies our dedication to employee well-being, providing a range of initiatives such as flexible schedules, part-time options, leave of absence, the ability to purchase additional days off, extended festive season breaks, a hybrid work model, and workplace mobility for up to three months. As part of our commitment to fostering an inclusive and equitable workplace, Sonae Sierra conducted specialized training on **unconscious biases** for all employees, aiming to raise awareness and promote a more diverse and understanding work environment.

OUR PERFORMANCE TO DATE

1 The Accidents Rate (LWCAFR) is the number of accidents resulting in one or more lost workdays per million worked hours by Sonae Sierra workforce (direct employees and supervised workers).
2 The Accident Severity Rate (ASR) is the number of lost workdays of accidents per million worked hours by Sonae Sierra workforce (direct employees and supervised workers).
